# About me

## THIS IS OUR STORY

KGN Plumbing Works was founded in 1990 by Syed Khaleel, who brought a passion for quality plumbing services and a commitment to customer satisfaction. By 2004, the company had grown into a trusted name in the industry, known for its attention to detail and reliable service. Under Syed Khaleel's leadership, KGN Plumbing Works provided plumbing solutions for both residential and commercial clients, establishing long-lasting relationships and a strong reputation.

In 2000, Syed Ismail, representing the second generation of the family, expanded the business by founding SK Constructions. This new venture allowed the family to branch into the construction industry, taking on projects that ranged from residential buildings to commercial spaces. SK Constructions operated successfully until 2024, during which time it became known for its innovative construction practices and high standards of craftsmanship. Together, KGN Plumbing Works and SK Constructions represent a family legacy of dedication, skill, and growth across two generations.
